

# MUNI TEIRESIÁS

Support Centre for Students  
with Special Needs

## DO YOU HAVE SPECIAL NEEDS?

Teiresias at Masaryk University will guide you through this!

# About us

The Support Centre for Students with Special Needs (Teiresias Centre) is a university-wide body that ensures that studying and working at Masaryk University (MU) is accessible for persons with special needs, including those with severe disabilities.

The Teiresias Centre offers a wide range of services and adaptations that aim to ensure equal access to university education. Each application is considered individually.

## Our services are available to

- international students during their study stay at MU
- international academic and non-academic staff
  - with specific learning difficulties
  - with psychological difficulties
  - with chronic diseases
  - with visual loss
  - with mobility impairment
  - who are deaf and hard of hearing

[mobility@teiresias.muni.cz](mailto:mobility@teiresias.muni.cz)

## Contact us

- anytime to consult the application procedure and the cost estimation
- before you arrive at MU to tell us about your needs.
- if you experience difficulties during your studies at MU

## Typical services

- additional time for oral and written exams
- psychological counselling
- barrier-free accommodation
- adaptation of the study and test materials into digital format with the possibility of using preferred assistive technology, such as screen readers, Sticky keys, virtual keyboards, etc.
- computer-based exam instead of paper-based exam
- speech to text reporting services (STTR, CART)
- spatial orientation training
- tactile printing
- personal assistance
- other individual adaptations and services

## Financial support

If you are coming under the Erasmus+ programme, be sure to contact your National Agency and inquire about your special needs grant. The funding covers the increased costs such as:

- adaptation of study materials, i.e. editing for the purposes of screen-reading, text enlargement, tactile printing, etc.
- interpreting and speech-to-text reporting services
- accommodation, i.e. barrier-free room close to university or single rooms
- food, i.e. gluten-free or lactose-free diet
- personal assistance services
- medical care, traveling for regular check-ups in your home country, rehabilitations, physiotherapies, etc.
- transport
